THE GATEWAY TO KNOWLEDGE

Each fall McKendree's gate sees a class enter to be trained to be of service to God and their fellowmen. Each spring this same gate sees another class being sent forth with an education to be of service in the field for which they are best suited.

It was not all work. The leadership and participation in all activities will enable all young men and women to be of service to their community. The atmosphere of peacefulness and friendship within these gates will inspire them to live such lives with friends and families as they go through life.

McKENDREAN STAFF

We all look back on being on the McKendrean Staff and working together even though there was a lot of worry. Getting out an Annual isn't as easy as it sounds. Securing a photographer to come to the school to take pictures of all the students and organizations was merely one of our many "headaches." Many afternoons were used in making trips to St. Louis to arrange for the printing and the engraving. Other afternoons were given to securing ads. Meeting deadlines with the engraver and the printer was a job, but we finally made it.

An all-school stunt show was sponsored by the members of the staff the second semester. We, the 1947 McKendrean Staff, hope you enjoy the annual as much as we enjoyed getting it out. We sincerely hope that the memories in these pages will long remind all of that wonderful year together on the Old Hill.

"Dick" was one of the most dependable men on the hardwood His ball-handling ability was outstanding. Feeding passes to teammates for shots was his specialty. Never getting excited, "Dick" played the same brand of ball no matter what the score might be This lad should prove a valuable asset to future Bearcat teams.

MASON HOLMES, Sophomore East St. Louis . . . Center

Plaving his second season in a Bearcat uniform, "Mace" has shown much improvement on the hardwood. His tireless spirit and rebound ability were valuable factors to the Bearcats.

JOHN CURTIS, Freshman Mt. Vernon . . . Guard

Curtis was a solid stone in the building of the Bearcat five. Always dependable and alert, Johnny caged many goals on the opposition. Ability and speed permitted him to play excellent ball at all times.

DON WEHRLE, Freshman Trenton . . . Forward

Improving rapidly from the start and having the will to win, Don became a regular and played his best game at home against Harris Teachers. He will be a handy man to have around next year.

KENNETH HARLAN, Freshman Medora . . . Forward

"Kenny" was one of the Bearcats' dependable reserves. He played a good steady game at all times, and was accurate with his one-handed push shot. Experience will turn this lad into a good hardwood vecteran for future Bearcat teams.

MIKE KATAYAMA, Freshman Unity . . . Guard

Mike played good, steady basketball all season. He was outstanding as a ball handler. His coolness under fire was effective on the opposition. Mike was always there and could be counted upon to bring the ball across the line.

KENNETH AUSTIN, Freshman Evansville . . . Guard

"Burly Q" is a good defensive man and when in action is an asset to the team's defensive stands. With experience and practice, this well-built player will become more potent on both defense and offense.

VICTOR DONALDSON, Sophomore Shobonier . . . Guard

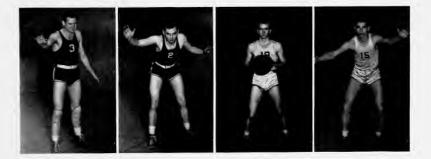

"Vic" was a game and dependable defensive man for the Cats. Playing good, steady basketball was the outstanding feature produced by Donaldson. "Vic" was in there on all rebounds and always did his share to spark the Bearcats to victory.

GLEASON LAGOW, Junior luka . . . Forward

"Joe" is the smallest man on this year's team and is also the only upperclassman on the team. Even though his height handicaps him some, "Joe" is always fighting when in the game.

JOHN WINKLER, Freshman Trenton . . . Guard

McKendree's fighting ball hawk, is one way to describe Winkler on the hardwood. John was the team's best defensive man, and quite often he scored on his accurate one-handed shots. Ability, willingness, and the desire to play basketball enabled Winkler to play good, heady basketball for the Bearcats.

HOME-COMING

HOME-COMING QUEEN

After perhaps the most heated campaign in the history of McKendree Home-comings, Doris Phillips Brown was finally selected by her fellow students to reign over the events of the day. Her coronation, impressively staged in the school's ancient Chapel, added much color to an already festive occasion.

Doris, a sophomore from East St. Louis, is extremely popular with both her faculty and student associates. As a McKendree girl, she represents a perfect blending of personality, beauty, and ability. More than one college organization takes pride in the fact that Queen Doris I is among its members.

This recently acquired royalty has not been her only recognition on the hill. Doris has been elected to membership in such organizations as Sigma Tau Delta, Clio, and the International Students' Society. She has served untiringly as one of the school's cheer leaders and on the staffs of both the McKendrean and the McKendree Review.

The presence of lovely Doris Phillips Brown as Home-coming Queen is among the pleasant memories to be cherished by students, faculty members, and returning graduates who were here for McKendree's annual reunion.

MAY FETE

MAY QUEEN

According to Mr. Webster, the word "crown" denotes anything which imparts beauty, splendor, or honor. The crowning of pretty Miriam Michels as 1947 May Queen certainly is in accord with that definition.

Miriam, a music student from Carlyle, was selected by vote of the student body to reign over the annual May Fete. Her elevation to the McKendree royal family comes as a fitting climax to a most successful college career. Miriam's talents are not confined to just being able to pose for beautiful pictures. An honor student, she was one of four McKendreans selected for a national "Who's Who" of American college students; she served as president of McKendree's honorary English fraternity; she played one of the leading roles in the play "Blithe Spirit." No recital or musical program could be considered complete without featuring Miss Michels as a pianist or vocalist or as both.

The colorful May Day festivities were held on McKendree's naturally beautiful north campus. Miss Dorothy Lee Faulkner of Granite City, also a pretty and popular co-ed, served as the queen's maid-of-honor.

WHO'S WHO

Miniam Michells, with her abilities in various fields, is an exception to the beautiful but dumb" axiom. In addition to an outstanding academic record, Miniam has demonstrated her skill as a pianist, actress, vocalist, and leader in various clubs and organizations.

James Oppitz, a son of two of McKundrice's teachers, established a reputation of his own here on the campus By his diversified interests, he gained leadership in dramatics, debating and oratory, and journalism. Jim has built in a familiar figure at McKendrice for many years.

As provident of the Student Association, Leslik Purdy has played an important role on the hill. His Pusitorom work has been scholarly and he's been a leader in many organizations and activities. Les commands the respect of his many associaties for his ability to get things done.

Rebecca Giles, a former editor of the McKendree Review and president of Sigma Tau Delta, has achieved an enviable reputation as a writer. The fine spirit, with which Beckle has entered into almost any task assigned her, is indied highly commendable.

With Pride We Review Our Accomplishments

Old-timer

Though the war has been over close to two years, our class still shows its effects. Twenty-three students will receive their diplomas, but only five of this number are from the original class of twenty-five starting college on that memorable September day in 1943.

The balance of this year's graduating class is composed of students who have had their college careers interrupted for various reasons. We have our share of ex-G. I.'s who have returned to the Old Hill.

Many are the memories we retain from these four years at McKendree. From the first sight we caught of our future Alma Mater to our last glimpse of the chapel spire as we leave the campus we have experienced all of the fun and work that can be experienced in four years.

Never to be forgotten are our freshman picnic and initiation. Even with three girls in the chapel tower we still couldn't ring the bell-maybe it was the lack of sufficient food on the picnic. As a result of our failure we submitted to initiation of dips in Lake Beautiful and walks through an unknown countryside at late hours of the night.

Included in that freshman year are memories of "the Dean." No freshman comp. class was or ever will be like that one in '43.'44. Nor is it likely that the dean of women will stack rooms or have hers stacked again.

Ours was a most earnest and devout class—each time we practiced our rain dance in P. E. we were rewarded with the sound of a downpour. Maybe those who had cut class to go to Belleville every chance they had were responsible, though.

Our sophomore year had its share of "happenings," too—especially that picnic in the rain. We did find shelter, though, didn't we? Plato's punch got tampered with that year—wonder who was mixed up in that?

The hey day of night classes occurred during our sophomore and junior classes—how long that two hours seemed each week. The shortest evening class in history was a certain social science class under the instruction of Dr. Yost. It wasn't exactly a complete boycott—the commuters were there. "Naughty Marietta" was worth seeing, though, wasn't it?—even if we did have 1,500-word papers to write as punishment.

The next year saw the arrival of Dr. Bracy on the campus. Though we couldn't visualize Dr. Yost leaving, Dr. Bracy soon won his place on the campus and in our college activities as our president.

Each year marked our attempt to keep the freshmen from ringing the chapel bell. Never has anything sounded as weird as the S.O.S. sounded by Pete and Roy at 6 a. m. That year we'd been so careful, too—even stood watch in shifts one night when a false alarm of the freshmen's departure was spread.

Summer school with its institute, preachers' school, and all of the work that accompanied them are land marks in our college experience.

Waitresses, waiters, and dish room helpers have had members of our class in their ranks for all special occasions on the campus. From our class came the ideas for High School Day and all-college leaf raking.

Because of the man-shortage the girls in our class assumed much of the work usually done by the fellows. For one and a half years we had but one boy in the class. Many are the hours spent unloading Booth Festival supplies, accompanied by Dr. Yost's encouraging electioneering, with pennies and pencils instead of cigars. Girl bellringers, potato peelers, pot and pan dish washers, and janitors were no novelty.

Midnight snacks of smuggled sandwiches, Clark Hall house meetings, McKendrean trips, walks to the channel, glee club, sextette, and "Y" trips, dorm fights, singing in the reception hall, serenades, and skating parties all go to make up our college memories.

Small classes are coming to be a thing of the past, but long will we remember and appreciate the special opportunity we had in "larnin'."

We have that we have met the challenge and opportunities of college life in the best possible manner. We are proud to say we're McKendreans and hope that as the years go by we will be able to make McK proud of us.

THE CLASS OF '48

The class of '48, as Juniors on the Old Hill this year, are beginning to feel the weight and responsibility of being upperclassmen. As true McKendreans, our highest hopes are to uphold the traditions and ideals of our school.

Yes, our picnic was a failure as far as ringing the bell was concerned. However, then our fun ball started rolling, which made up for initiation. We entertained the school with our Freshman Formal Program, and ourselves with a wiener roast. Our all-freshman basketball team sailed through an undefeated season.

As sophomores we sponsored an all-school skating party to start $\boldsymbol{\alpha}$ new semester in high.

This year we sponsored a much-enjoyed hayride, complete with cider and doughnuts. Our officers are Louis Walker, president; Eunice Hanbaum, vice-president; Elizabeth Crisp, secretary-treasurer.

As we accept our duties as seniors next year, we hope to remain faithful to our highest aims, and, in years to come, make McKendree proud to claim us as her sons and daughters.

THE CLASS OF '49

The class of '49 was the first to enroll at McKendree College after the close of World War II. Our first year here on the Old Hill proved to be a memorable one. We wore our green caps and bowed respectfully to upperclassmen, but secretly felt excited because of our picnic and its great climax —the ringing of the chapel bell. We saw a freshman girl chosen to rule as Home-coming Queen and crowned at our formal chapel program. Our class took an active part throughout the school year in all activities and was surprised to find the first year at college had ended so guickly.

This year, as sophomores, we have gained many new members. And again, we've rejoiced to have a member of our class elected to reign as Home-coming Queen. We, the Sophomore Class, have enjoyed our two years of college life, and are eagerly looking forward to two more memory-making years at McKendree.

THE CLASS OF '50

When we timidly tripped along Centennial Walk early last fall, we were as green as the lush campus surrounding McKendree's picturesque old halls. A year on College Hill, however, has sufficed to effect a change which has left us far better equipped to face the world than we were upon entering school. We anticipate with pleasure the forthcoming years which will further develop our talents and leave us with a host of happy memories.

Among our accomplishments which have served to establish us on the Old Hill, the most graitfying was the chapel bell and the cessation of initiation hostilities. We displayed our talent and seriousness in a formal chapel program which gave promise of the future. At this chapel program the Freshmen saw their candidate serving as first maid of honor to the Homecoming Queen, and on the athletic field they have contributed their brawn and brain to the sports which are representative of the excellence of their alma mater. A new year and new Freshmen have left their glow on the post-war campus of McKendree College.
